CREATIVE ART DIRECTOR | GRAPHIC DESIGNER

"There are no secrets to success. It is the result of preparation, hard work, and learning from failure."

Martin Luther King

ABOUT ME

I'm a Creative Art Director, Graphic Designer. I live in Tehran, Iran. My ideas are usually inspired by any spare moment I get to be outside at an art event or traveling, my favorite past time. Design allows me to simplify means to eliminate the unnecessary. There are no boundaries and I can create everything with nothing. I also really enjoy painting, illustration, books and photography. My works has earned top honors for design excellence from Cow international design festival (Ukraine), Shanghai Biennial of Asia Graphic Design, PDP Visual communication competition (Serbia), Graphic Stories Bienal (Cyprus), Russia Design Association, Silver Cypress International graphic design exhibition, Iran and etc.

I learn to think big but still care about the small details.
